

TOGETHER OUR RESPONSIBILITY PUBLICLY EMBRACES DIRECTION &
OPPORTUNITY

What is TORPEDOS?

TORPEDOS are a grant-giving organization that funds youth-designed and youth-led community service projects.

How does it work?

A group of young people with one or more enthusiastic adults...

- Step 1: Brainstorm about community problems or needs
- Step 2: Identifies a community need and designs a community service project to address that need
- Step 3: Applies to TORPEDOS for project funding
- Step 4: Gives a 5 minute presentation to the TORPEDOS Board about their project, and answers any questions the TORPEDOS Board may have about the project
- Step 5: Completes the community service project with funding from TORPEDOS (if approved)
- Step 6: Documents the implementation to the project, evaluates the benefit and celebrates the success
- Step 7: Reports to the media and submits a summary of the project before and during, acknowledging funding through the TORPEDOS Board.
